

Fire Operations in the Wildland Urban Interface

Learn what firefighters learn to protect your home and your community

Saturday August 6, 2016, 8am — 4:30pm

Time: Registration, coffee and refreshments at 8am; the course will start promptly at 8:30

Location: Chula Vista Fire Station 4, 850 Paseo Ranchero, Chula Vista

The course is free of charge to local residents, representatives of community Fire Safe Councils, and CERT members.

Lunch will be provided. Registration required.

Conducted by: J.P. Harris, Los Angeles County Fire Department Battalion Chief, Retired

About the training:

- A one day in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's topography, fuels, weather, and the community's Fire Safe condition including the construction of homes.
- The training will include a field trip to selected homes to do a site assessment on lessons learned.
- The day will include discussion about evacuation and survival tips.
- Please register online at <http://ResourceConservationDistrict.formstack.com/forms/chulavista> or by calling 619-562-0096.

In partnership with:

This workshop is hosted by the Chula Vista CERT and administered by the Resource Conservation District of Greater San Diego County in partnership with the Fire Safe Council of San Diego County. Funding is provided by San Diego Gas & Electric and a National Fire Plan grant from the Cooperative Fire program of the U.S. Forest Service through the California Fire Safe Council. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
