

Julian Fire Safe Council

Meeting

Dec.10,2019 8am-10am
Julian Town Hall
2129 Main Street

*Our mission is to provide information, education and training
to the citizens of Julian to promote fire prevention
and safety in our community.*

The Fire Safe Council provides Defensible Space and Fire Wise methods to residents to help make homes safe, improve fire crew access and provide education to improve the long term structure hardening of their homes and to be prepared to safely evacuate their family and pets during emergencies.

Initial meeting with presentations, overviews and support programs.

What We Do:

- Defensible Space Education, Services and Guidance, to help protect your home from wildfire.
- Home Hardening education and Guidance, to help you make your home safer from wildfire.
- Brush Chipping Services, free community chipping and low-cost on-site chipping.
- CERT, Community Emergency Response Team cooperators, training and education.
- Address Signs, Reflective code compliant signs that meet fire code.
- Community Clean-up Days, Hazardous Waste and Recycling programs.
- Red Cross and Burn Institute Free Smoke Alarms and SD Co Fire Carbon Monoxide alarms program.
- Wildland Urban Interface (WUI) training and education information.
- Ham Radio Program, Communications education.
- Animal Services Education and programs.
- Grants, Assistance and Outreach.
- Power Outage Preparedness.
