

SAVE THE DATE!

MARINE CORPS BASE CAMP PENDLETON EARTH DAY 2020

This year's theme is *Climate Action: Explore Your World.*

Our event will be held on Wednesday, 22 April 2020 from 11am-3pm at the Wire Mountain Sports Fields on Ash Rd (within minutes of the base's main gate off the I-5 freeway).

Participation from the schools and housing areas are key for Earth Day, and we are looking forward to providing environmental awareness information and activities for our Marines and families.

Headquarters and Support Battalion will be Barbequing, with games and activities for everyone.

We will also be creating a 50 year time capsule requesting items from our local schools to commemorate the 50 year anniversary of Earth Day.

Please contact the event coordinator below, if you are interested in participating, and to receive event updates. Thank you!
