

Fire Operations in the Wildland Urban Interface Workshop

Learn what firefighters learn to protect your home and your community.

August 18, 2018, 8am — 3:30pm

Time: Registration, coffee and refreshments at 7:45am; the course will start promptly at 8am

Location: Station 79, 21610 Crestline Road, Palomar Mountain, 92060

The course is free of charge to local residents, representatives of community Fire Safe Councils, and CERT members.

Lunch will be provided. Registration required.

Conducted by: MAST Investigator Captain Eric Kelley, San Diego City Fire

About the training:

- A one day in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's topography, fuels, weather, and the community's Fire Safe condition including the construction of homes.
- The training will include a field trip to selected homes to do a site assessment on lessons learned.
- The day will include discussion about evacuation and survival tips.
- Please register at: www.firesafesdcounty.org
- For more information or help with registration contact Britney Munoz with the Fire Safe Council of San Diego County at 619-562-0096.

In partnership with:

This workshop is hosted by the Palomar Mountain FSC & administered by the Resource Conservation District of Greater San Diego County, in partnership with the Fire Safe Council of San Diego County. Funding is provided by the United States Forest Service & a National Fire Plan grant from the Cooperative Fire program of the U.S. Forest Service through the California Fire Safe Council. Special recognition is given to the workshops originators, J.P. Harris and Clay Howe. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
