

SDG&E® WILDFIRE MITIGATION & RESILIENCY OPEN HOUSE

Come learn about Public Safety Power Shutoffs and how to be prepared for emergencies.

Fire season is around the corner and we want you and your loved ones to remain safe. Join us for one of our SDG&E® Wildfire Mitigation and Resiliency Open Houses that are listed below. Learn what you can do to protect your family, property and how to become more resilient.

You'll receive information about stocking an emergency kit, developing an emergency plan and designing or modifying the space around your home to resist wildfire. You can also learn more about Public Safety Power Shutoffs and speak to our Meteorology and Fire Science and Climate Adaption team about what SDG&E is doing to keep the region safe.

We'll also have staff there to provide information and assist with:

- Outage notification sign-ups
- Medical Baseline program
- Time-Of-Use pricing plans
- Level Pay program
- Assistance programs
- Energy-efficiency programs
- Environmental Services
- Vegetation Management
- Infrastructure Projects & Construction

Don't miss out on this important event. Raffle prizes, light snacks and refreshments will be provided.

Join us for a Wildfire Mitigation and Resiliency Open House.

From 5 p.m. - 7:30 p.m. unless otherwise stated.
