

Fire Operations in the Wildland Urban Interface Workshop – Dulzura

Learn the principles firefighters use to protect your home and your community.

Saturday, October 12, 2019, 8:00 am — 4:00 pm

Time: Registration, refreshments, and networking at 7:30 am

The course will start promptly at 8:00 am

Location: Dulzura Community Center, 1136 Community Building Road, Dulzura 91917

The course is free to local residents, representatives of community Fire Safe Councils, and CERT members.

Lunch will be provided. Registration required.

Conducted by: Fire Captain, Thomas Shoots, CALFIRE

About the training:

- A one-day, in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's unique topography, fuels, weather, and fire safety challenges, including how to best protect their homes from wildfire.
- The training will include a field trip to selected homes to do a site assessment on lessons learned.
- The day will include discussion about survival tips based upon evacuation procedures.
- Please register at: www.firesafesdcounty.org
- For more information or help with registration, contact Britney Munoz at the Fire Safe Council of San Diego County at 619-562-0096.

This workshop is hosted by the Dulzura-Barrett FSC, SDCFA Southern Division CERT & administered by the Resource Conservation District of Greater San Diego County, in partnership with the Fire Safe Council of San Diego County. Funding is provided by the United States Forest Service and a National Fire Plan grant from the Cooperative Fire program of the U.S. Forest Service through the California Fire Safe Council. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
