PRESCRIBED GRAZING DEMONSTRATION EVENT

OCTOBER 25, 2019

8:30AM - 12PM

**Rancho Jamul
Ecological Reserve
14715 Campo Road
Jamul, CA 91935**

Rancho Jamul Ecological Reserve & 4J Horse and Livestock are continuing their work to highlight the effects of high livestock density to increase grassland resilience. Collaborating now with the Resource Conservation District of Greater San Diego County and supported by California Department of Food and Agriculture, we invite you to join us for a tour of Daley Ranch and a presentation on how Prescribed Grazing can increase yields and soil fertility.

Martina Skjellerudsveen from the RCD will be explaining the research set up, and together with Rangeland Ecologist Kent Reeves, they will discuss the potential co-benefits of prescribed grazing.

Please RSVP by October 22, 2019 by clicking [here](#).
