

SAN DIEGO GAS & ELECTRIC & WILDFIRE SAFETY

Due to social distancing and public health concerns as a result of COVID-19, SDG&E® is implementing enhanced community outreach efforts in 2020. As an alternative to annual Community Open Houses, we are offering online webinars to provide preparedness information to communities at risk for wildfires. Please see the information below to learn more and register for these forums.

Join SDG&E for a series of Wildfire Resiliency & Operations Open House Webinars

SDG&E will be hosting a series of webinars for anyone interested in learning more about Public Safety Power Shutoffs, safety during a power-shutoff event and how you can be prepared for the threat of wildfire. Dates and times are listed below. To join, simply choose your preferred webinar and click on the red "Attend" button during the date/time listed. **You can view and listen to any of the webinars below on your preferred web browser.**

WEBINAR 2
Thursday, June 25
5 pm - 6:15 pm

Attend

WEBINAR 3
Tuesday, June 30
5 pm - 6:15 pm

Attend

WEBINAR 4
Thursday, July 2
5 pm - 6:15 pm

Attend

With fire season around the corner, we want to continue to share important information about what we're doing throughout the region to mitigate the risk of wildfire. We'll have presenters from SDG&E's Emergency Management, Wildfire Resiliency & Operations, Vegetation Management and Meteorology departments to talk about Public Safety Power Shutoffs (PSPS), Community Resource Centers (CRC), Dry Brush Management, Dead Vegetation Clearing programs and the future additions of weather stations and upgrades to our weather network. You'll also have the opportunity to ask questions during and/or after the event.
