

Fire Operations in the Wildland Urban Interface Workshop – Chula Vista

Learn what firefighters learn to protect your home and your community.

July 24, 2021 8:00am — 4:00pm

Time: Registration, refreshments, and networking at 7:30 am
The course will start promptly at 8:00 am

Location: Chula Vista Fire Station 4,
850 Paseo Ranchero, Chula Vista, 91910

The course is free to local residents, representatives of community Fire Safe Councils

Conducted by: Bureau of Land Management Fire Captains:
Jason Winbigler & Rex Hambly

About the training:

- A one-day, in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's unique topography, fuels, weather, and fire safety challenges, including how to best protect their homes from wildfire.
- The training will include a field trip to selected homes to do a site assessment on lessons learned.
- The day will include discussion about survival tips based upon evacuation procedures.
- Please register at: https://ResourceConservationDistrict.formstack.com/forms/chula_vista_fsc_wui_workshop
- For more information or help with registration, contact Britney Munoz at the Fire Safe Council of San Diego County at 619-562-0096.

In partnership with:

This workshop is hosted by the Chula Vista FSC & administered by the Resource Conservation District of Greater San Diego County, in partnership with the Fire Safe Council of San Diego County. Funding provided by a grant from the San Diego River Conservancy. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
