

Fire Operations in the Wildland Urban Interface Workshop – Julian

Learn the principles firefighters use to protect your home and your community.

Saturday, December 10th, 2022, 9:00AM-1:00PM

Registration, refreshments, and networking at 8:30 am

The workshop will start promptly at 9:00 am

Location: San Diego County Library—Julian

1850 CA-78, Julian, CA, 92036

**Instructed by: Fire Captain, Thomas Shoots, San Diego County Fire/CALFire,
and Fire Captain, Rex Hambly, Bureau of Land Management**

About the training:

- A one-day, in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's unique topography, fuels, weather, and fire safety challenges, including how to best protect their homes from wildfire.
- The day will include discussion about survival tips based upon evacuation procedures.
- This workshop is free of charge, please register on our website at www.firesafesdcounty.org/events
- For more information or help with registration, contact Morgan Graves at the Fire Safe Council of San Diego County at 619-562-0096.

This workshop is hosted by the Julian FSC and Backcountry Communities Thriving, and administered by San Diego County Fire and the Resource Conservation District of Greater San Diego County, in partnership with the Fire Safe Council of San Diego County. Funding is provided by grants from California Natural Resources and the Department of Conservation. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
