

Fire Smart Landscaping

A community discussion on the plants, materials, and landscaping practices that will help protect your home from wildfire

Wednesday January 17th 6:30PM

Poway City Council Chambers
13325 Civic Center Drive

Special guest speaker Fire Advisor Luca Carmignani from the University of California Agriculture and Natural Resources

All attendees will receive an informational booklet

This event is presented by the Poway Neighborhood Emergency Corps and Fire Safe Council - learn more at PowayNEC.com

Learn about what makes a Fire Smart Landscape, what characteristics and properties make a plant fire resistant, and what landscaping practices can help prevent the spread of wildfire to your home.
