

# WILDLAND URBAN INTERFACE WORKSHOP

SATURDAY, MAY 18TH, 9:00AM-12:00PM  
JULIAN TOWN HALL AND VISITOR CENTER  
2129 MAIN ST, JULIAN, CA 92036

- A half-day, in-depth course to learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. They will apply this knowledge to the community's unique topography, fuels, weather, and fire safety challenges, including how to best protect their homes from wildfire.
- The day will include discussion about survival tips based upon evacuation procedures.
- Refreshments will be provided. This workshop is free of charge to community members!
