

WILDLAND URBAN INTERFACE WORKSHOP

THURSDAY, MAY 2ND, 6PM-8PM
113 N PARK DRIVE, EL CAJON, 92021

- Covered in just a few hours, you will learn the principles used by firefighters in suppressing wildland fire and protecting structures in the Wildland Urban Interface.
- Participants will learn about fire behavior prediction. You will learn to apply this information to Crest's unique topography, fuels, weather, and fire safety challenges, including how to best protect their homes from wildfire.
- The day will include discussion about survival tips based upon evacuation procedures.
- Refreshments will be provided. This workshop is free of charge to community members!
