

LAST CHANCE SURVIVAL SIMULATION WORKSHOP

GREATER MT. LAGUNA, PINE VALLEY, AND DESCANSO

The Last Chance Survival Simulation Workshop was developed to empower residents in high-risk, wildfire prone communities, to prepare for evacuation and potential wildfire entrapments. Each year, it becomes more apparent that there is a need to enhance wildfire safety and evasion training for at-risk communities.

About the training:

- Free to local residents, this one day, in-depth course covers recognition primed decision-making, open-source fire intelligence, contingency planning, and other practices that may enhance the likelihood of surviving a fire entrapment scenario.
- This course expands upon "Ready Set Go", a widely accepted statewide standard for wildfire preparation.
- In the afternoon, we'll take the case studies, planning models, and other information covered, and apply it to Warner Springs' unique landscape and challenges by simulating an evacuation and visiting "Temporary Refuge Areas".

Workshop Logistics:

When: March 15th, 2025

Time: Registration begins at 8:30am. The workshop will run from 9am-3pm.

Location:

- Refreshments and lunch will be provided.
- [Register for this free workshop on our website here.](#)
- For more information, or support signing up, please contact Morgan Dioli at the FSCSDC - morgan.dioli@rcdsandiego.org or 619-562-0096.

This workshop is hosted by the Mt. Laguna Fire Safe Council & administered by the Resource Conservation District of Greater San Diego County, in partnership with the Fire Safe Council of San Diego County. Special recognition is given to the workshops originators. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability.
