

# LAST CHANCE SURVIVAL SIMULATION WORKSHOP

## LOS TULES / WARNER SPRINGS FIRE SAFE COUNCIL

The Last Chance Survival Simulation Workshop was developed to empower residents in high-risk, wildfire prone communities, to prepare for evacuation and potential wildfire entrapments. Each year, it becomes more apparent that there is a need to enhance wildfire safety and evasion training for at-risk communities.

### About the training:

- Free to local residents, this one day, in-depth course covers recognition primed decision-making, open-source fire intelligence, contingency planning, and other practices that may enhance the likelihood of surviving a fire entrapment scenario.
- This course expands upon "Ready Set Go", a widely accepted statewide standard for wildfire preparation.
- In the afternoon, we'll take the case studies, planning models, and other information covered, and apply it to Warner Springs' unique landscape and challenges by simulating an evacuation and visiting "Temporary Refuge Areas".

### Workshop Logistics:

**When:** Saturday, February 22nd

**Time:** Registration begins at 8:30am. The workshop will run from 9am-3pm.

### **Location:**

- Refreshments and lunch will be provided.
- [Register for this free workshop on our website here.](#)
